### Full job description

#### The Role

Some of the key duties of this role are:

- Deliver NDT training to Australian Defence Force, industry and foreign Defence students.
- Maintain current NDT courseware and develop training packages for new and emerging technologies. • Prepare, maintain and administer formative assessments.
- Provide counselling to trainees, document and report on trainee skills gaps, and develop and implement plans to address trainee shortfalls.
- Plan, implement and evaluate the NDT technical training program.
- Perform certification activities for trainees at completion of learning modules and for trained technicians at mandated periodic intervals.
- Maintain competence and personal certification in aerospace NDT methods in accordance with EN4179 (or equivalent).

#### About our Team

The Non Destructive Testing and Composite Technologies (NDT&CT) section is part of the Defence Aviation Safety Authority. We provide training, engineering support and Centre of Expertise (CoE) advice in Non-Destructive Testing and Aviation Composite Technologies to Defence. NDT&CT is located

at RAAF Base Amberley, which is Air Force's largest base, employing over 5,000 uniformed and civilian personnel. The Training Development and Delivery team provide NDT training consistent with Defence training policies.

### **Our Ideal Candidate**

We are looking for an experienced Learning and Development Officer who is resourceful and will be able to initiate and coordinate NDT training and assessment activities independently. As a collaborator you will be able to work with a diverse range of stakeholders to achieve training and education outcomes. You will be accustomed to working in a highly regulated environment and demonstrate the agility to remain accountable to relevant governance and controls which direct learning activities. You may also be required to ensure compliance with work health safety legislation and Defence safety policy.

Application Closing date: **Sunday the 29th of May 2022** For further information please review the job information pack, Reference **AF/01476/22** on Link: <https://defencecareers.nga.net.au/?jati=43584CB5-461E-138E-6256-C8788D35E4C2>
