Full job description

Bow Bowling World of Learning has an exciting opportunity for a passionate Early Childhood Teacher to join the Centre. We are seeking a high performing team member with the drive to develop amazing relationships with families, whilst building an outstanding learning environment for children. Our Centre is well equipped with resources and programs based on the Early Years Learning Framework curriculum, including a specialised Kindergarten program

At G8 Education we understand that learning begins from birth; more development occurs in the human brain between birth to 5 years than at any other time in the life span. So, we continually strive to achieve best practice in early childhood education and care from birth to 5 years. This begins with recruiting, training and retaining dedicated educators and teachers and supporting them to continue their own professional learning, which leads to positive learning outcomes for children.

At Bow Bowling World of Learning we believe children learn best through play, our educators support each individual child's development by providing a safe and secure environment for the children to explore and make meaning of. We also acknowledge that parents and families are vital to children's development as we work to form collaborative relationships to help provide the children with a sense of continuity through our open door policy and ongoing open communication with families.
